

Endorsed resource – TrendCare toolkit

Implementation support
Published: 22 August 2019

www.nice.org.uk

[Trend Care Systems UK Ltd](#) has produced a [toolkit](#) that covers most of the factors that the NICE guideline on [safe staffing for nursing in adult inpatient wards in acute hospitals](#) identified should be considered when determining safe nursing staff levels. It also covers most of the factors which the NICE guideline on [safe midwifery staffing for maternity settings](#) identified should be taken into account in determining safe midwifery staff levels. These factors can be used in real time and as part of planning and establishment setting.
