<b>Version of matrix of consultees and commentators reviewed:</b>				
Provisional matrix of consultees and commentators sent for consultation				
<b>Summary of comments, action taken, and justification of action:</b>				
	Proposal:	Proposal made by:	Action taken: Removed/Added/Not included/Noted	Justification:
1.	In view of the increasing evidence on use of CSII in children, I suggest adding the Scottish Study Group for the Care of Diabetes in the Young.	Aberdeen Health Technology Appraisal Group	Not included	Organisations that are invited to participate in a technology appraisal are national organisations based in the England/Wales. This organisation does not have a national focus and therefore does not meet the selection criteria to participate in this appraisal.

2.	Please add expert groups researching and delivering evidence based, quality assured Structured Patient Education: DAFNE Steering Group	Department of Health	Added	This organisation has an area of interest directly related to this appraisal and meets the selection criteria to participate in this appraisal. The Dose Adjustment for Normal Eating (DAFNE) Steering Group has been added to the matrix of consultees and commentators under 'Relevant research groups'.
