10th December 2008

Dear consultee/commentator,

**Trabectedin for the treatment of advanced metastatic soft tissue
sarcoma**

An extension to the timelines for submission of evidence in this appraisal has been granted on request of the marketing authorisation holder for Trabectedin to allow them to meet the full requirements of the STA process. The appraisal will now be discussed at a committee meeting on the 2nd June 2009 and the earliest anticipated guidance publication will be in October 2009.

Yours sincerely,

Chris Feinmann

Technology Appraisal Project Manager
