## **Review of NICE Technology Appraisal Guidance No. 74; Pre-hospital initiation of fluid replacement therapy in trauma**

The Institute was proposing that recommendations 1.1, 1.2 and 1.4 in TA74 should be updated and replaced by the forthcoming NICE guideline for 'Major trauma'.

After consideration of all of the comments received during the Review Consultation, the Technology Appraisals programme has decided to proceed with this proposal. Consequently, recommendations 1.1, 1.2 and 1.4 in TA74 will be updated by the forthcoming NICE guideline for '[Major Trauma](#)'. When the guideline is published, recommendations 1.1, 1.2 and 1.4 will be withdrawn.

The remaining recommendations in TA74 will remain on the [static list](#) of technology appraisals.
